

# T. Rowe Price Dividend Growth Fund, Inc.

**Category**

Large Blend

**Investment Objective & Strategy****From the investment's prospectus**

The investment seeks dividend income and long-term capital growth primarily through investments in stocks.

The fund normally invests at least 65% of its total assets in stocks, with an emphasis on stocks that have a strong track record of paying dividends or that are expected to increase their dividends over time. The adviser believes that a track record of dividend increases can be an excellent indicator of financial health and growth prospects, and that over the long term, income can contribute significantly to total return.

Funds or their affiliates may pay compensation to Voya® affiliates offering a fund. Such compensation may be paid out of distribution, service and/or 12b-1 fees that are deducted from the fund's assets, and/or may be paid directly by the fund's affiliates. Any fees deducted from fund assets are discussed in the fund's prospectus and disclosed in the fund fact sheet. Because these fees are paid on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. If offered through a retirement program, additional fees and expenses may be charged under that program. NOT A DEPOSIT. NOT FDIC INSURED. NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY.
