

# Voya Index Solution Income Portfolio - Service Class

**Category**  
Target-Date Retirement

## Investment Objective & Strategy

### From the investment's prospectus

The investment seeks to provide a combination of total return and stability of principal consistent with an asset allocation targeted to retirement.

Under normal market conditions, the Portfolio invests at least 80% of its net assets (plus borrowings for investment purposes) in a combination of underlying funds, which are passively managed index funds. The underlying funds invest in U.S. stocks, international stocks, U.S. bonds, and other debt instruments and the Portfolio uses an asset allocation strategy designed for investors expecting to retire soon or are already retired.

Past name(s) : ING Index Solution Income Port S.

## Important Information

### Morningstar Investment Profiles must be accompanied by Morningstar Disclosure and Glossary.

Funds or their affiliates may pay compensation to Voya® affiliates offering a fund. Such compensation may be paid out of distribution, service and/or 12b-1 fees that are deducted from the fund's assets, and/or may be paid directly by the fund's affiliates. Any fees deducted from fund assets are discussed in the fund's prospectus and disclosed in the fund fact sheet. Because these fees are paid on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. If offered through a retirement program, additional fees and expenses may be charged under that program. NOT A DEPOSIT. NOT FDIC INSURED. NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY. NOT GUARANTEED BY THE INSTITUTION. MAY GO DOWN IN VALUE.

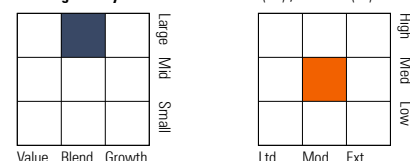

## Allocation of Stocks and Bonds

## Notes

The Portfolio's Management Fee structure is a "bifurcated fee" structure as follows: an annual rate of 0.20% of the Portfolio's average daily net assets invested in Underlying Funds within the Voya family of funds, and 0.40% of the Portfolio's average daily net assets invested in direct investments. Total Annual Portfolio Operating Expenses may be higher than the Portfolio's ratio of expenses to average net assets shown in the Portfolio's Financial Highlights, which reflects the operating expenses of the Portfolio and does not include Acquired Fund Fees and Expenses. The adviser is contractually obligated to limit expenses to 0.64%, for Class S shares through May 1, 2021. The limitation does not extend to interest, taxes, investment-related costs, leverage expenses, and extraordinary expenses. Termination or modification of this obligation requires approval by the Portfolio's board.
