

Fidelity Advisor® Equity Income Fund - Class M

Category
Large Value

Investment Objective & Strategy

From the investment's prospectus

The investment seeks a yield from dividend and interest income which exceeds the composite dividend yield on securities comprising the S&P 500® Index.

The fund normally invests at least 80% of assets in equity securities. It normally invests primarily in income-producing equity securities, which tends to lead to investments in large cap "value" stocks. The fund potentially invests in other types of equity securities and debt securities, including lower-quality debt securities (those of less than investment-grade quality, also referred to as high yield debt securities or junk bonds). It invests in domestic and foreign issuers.

Important Information

Morningstar Investment Profiles must be accompanied by Morningstar Disclosure and Glossary.

Funds or their affiliates may pay compensation to Voya® affiliates offering a fund. Such compensation may be paid out of distribution, service and/or 12b-1 fees that are deducted from the fund's assets, and/or may be paid directly by the fund's affiliates. Any fees deducted from fund assets are discussed in the fund's prospectus and disclosed in the fund fact sheet. Because these fees are paid on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. If offered through a retirement program, additional fees and expenses may be charged under that program. NOT A DEPOSIT. NOT FDIC INSURED. NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY. NOT GUARANTEED BY THE INSTITUTION. MAY GO DOWN IN VALUE.
