

PIMCO Long-Term U.S. Government Fund - Institutional Class

Category
Long Government

Investment Objective & Strategy

From the investment's prospectus

The investment seeks maximum total return, consistent with preservation of capital and prudent investment management.

The fund normally invests at least 80% of its assets in a diversified portfolio of fixed income securities that are issued or guaranteed by the U.S. government, its agencies or government-sponsored enterprises ("U.S. government securities"), which may be represented by forwards or derivatives such as options, futures contracts or swap agreements. It may invest, without limitation, in derivative instruments, such as options, futures contracts or swap agreements, or in mortgage- or asset-backed securities.

Important Information

Morningstar Investment Profiles must be accompanied by Morningstar Disclosure and Glossary.

Funds or their affiliates may pay compensation to Voya® affiliates offering a fund. Such compensation may be paid out of distribution, service and/or 12b-1 fees that are deducted from the fund's assets, and/or may be paid directly by the fund's affiliates. Any fees deducted from fund assets are discussed in the fund's prospectus and disclosed in the fund fact sheet. Because these fees are paid on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. If offered through a retirement program, additional fees and expenses may be charged under that program. NOT A DEPOSIT. NOT FDIC INSURED. NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY. NOT GUARANTEED BY THE INSTITUTION. MAY GO DOWN IN VALUE.

Portfolio Analysis

Top 10 Holdings as of 06-30-20

Security	% Assets
United States Treasury Bonds 2% 02-15-50	46.14
