

CRM Mid Cap Value Fund - Investor Shares

Category
Mid-Cap Blend

Investment Objective & Strategy

From the investment's prospectus

The investment seeks long-term capital appreciation.

The fund, under normal circumstances, invests at least 80% of its assets in equity and equity related securities of U.S. and non-U.S. companies with market capitalizations at the time of initial purchase within the range of those in the Russell Midcap Value Index ("mid cap companies") that are publicly traded on a U.S. securities market.

Important Information

Please refer to the Morningstar Disclosure and Glossary document contained in your plan's eligibility package for additional information. You may always access the most current version of the Disclosure and Glossary at <https://www.voyaretirementplans.com/fundonepagerscolor/DisclosureGlossary.pdf>

Funds or their affiliates may pay compensation to Voya® affiliates offering a fund. Such compensation may be paid out of distribution, service and/or 12b-1 fees that are deducted from the fund's assets, and/or may be paid directly by the fund's affiliates. Any fees deducted from fund assets are discussed in the fund's prospectus and disclosed in the fund fact sheet. Because these fees are paid on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. If offered through a retirement program, additional fees and expenses may be charged under that program. NOT A DEPOSIT. NOT FDIC INSURED. NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY. NOT GUARANTEED BY THE INSTITUTION. MAY GO DOWN IN VALUE.

Notes

Total Annual Fund Operating Expenses do not correlate to the ratio of expenses to average net assets that is included in the Fund's financial highlights, which reflects the operating expenses of the Fund and does not include Acquired Fund Fees and Expenses. The assets of the Fund will vary based on market conditions and other factors and may vary significantly during volatile market conditions and this in turn may cause the Fund's expense ratios to be higher or lower than those shown in this table.
