

Voya Fixed Plus Account II A

The Voya Fixed Plus Account II A is available through a group annuity or other type of contract issued by Voya Retirement Insurance and Annuity Company ("VRIAC"). The Voya Fixed Plus Account II A is an obligation of VRIAC's general account which supports all of the company's insurance and annuity commitments. All guarantees are based on the financial strength and claims-paying ability of VRIAC, who is solely responsible for all obligations under its contracts.

For plans offering the Voya Fixed Plus Account II A, any previously available Voya fixed account investment options supported by VRIAC's general account are closed to new allocations or contributions.

Objective

Stability of principal is the primary objective of this investment option. The Voya Fixed Plus Account II A guarantees a minimum rate of interest and may credit interest that exceeds the guaranteed minimum rate. Daily credited interest becomes part of principal and the investment increases through compound interest. All amounts invested by your plan in the Voya Fixed Plus Account II A receive the same credited rate. This is known as a portfolio method of interest rate crediting.

Key Features

The Voya Fixed Plus Account II A is intended to be a long-term investment for participants seeking stability of principal. The assets supporting it are invested by VRIAC with this goal in mind. Therefore, VRIAC may impose restrictions on the ability to move funds into or out of this investment option or among investment options in general. These restrictions help VRIAC to provide

stable credited interest rates which historically have not varied significantly from month to month despite the general market's volatility in new money interest rates.

Transfers from the Voya Fixed Plus Account II A to other investment options within the contract and partial withdrawals from the Voya Fixed Plus Account II A are generally limited to 20 percent of your Voya Fixed Plus Account II A balance per year. Full withdrawals from the Voya Fixed Plus Account II A generally may be made for death, retirement, separation from service, hardship, and small account balances. Full withdrawals from the Voya Fixed Plus Account II A for other reasons are limited and generally must be made in five-installment payments over five years. Depending on the terms of your contract, other waivers to the withdrawal limitations may also apply. All withdrawals are subject to Internal Revenue Code restrictions.

Interest Rate Structure

The Voya Fixed Plus Account II A guarantees principal and a guaranteed minimum interest rate ("GMIR") for the life of the contract. VRIAC may credit interest at a current rate that may be higher than the GMIR, and the current rate may be changed at any time, except that we will not apply a decrease to the current rate following a rate change initiated solely by us prior to the last day of the three-month period measured from the first day of the month in which such change was effective. The current rate for a plan's initial investment in the Voya Fixed Plus Account II A may be in effect for less than a full three-month period.

The GMIR and the current rate are expressed as annual effective yields. Taking the effect of compounding into account, the interest credited to your account daily yields the then current credited rate.

VRIAC's determination of credited interest rates reflects a number of factors, which may include mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. Under

this option, VRIAC assumes the risk of investment gain or loss by guaranteeing the principal amount you allocate to this option and promising a minimum interest rate during the accumulation period and also throughout the annuity payout period, if applicable.
