

Nuveen Lifecycle Index Retirement Income Fund - Class R6

Category

Global Moderately Conservative Allocation

Investment Objective & Strategy

From the investment's prospectus

The investment seeks high total return over time primarily through income, with a secondary emphasis on capital appreciation.

The fund is a "fund of funds" that invests in Class W shares of other Nuveen mutual funds and potentially in other investment pools or investment products. It has a policy of investing at least 80% of its assets in underlying funds that are managed to seek investment returns that track particular market indices. Advisors currently expects to allocate approximately 40% of the fund's assets to equity underlying funds and 60% of its assets to fixed-income underlying funds.

Important Information

Please refer to the Morningstar Disclosure and Glossary document contained in your plan's eligibility package for additional information. You may always access the most current version of the Disclosure and Glossary at <https://www.voyaretirementplans.com/fundonepagescolor/DisclosureGlossary.pdf>

Funds or their affiliates may pay compensation to Voya® affiliates offering a fund. Such compensation may be paid out of distribution, service and/or 12b-1 fees that are deducted from the fund's assets, and/or may be paid directly by the fund's affiliates. Any fees deducted from fund assets are discussed in the fund's prospectus and disclosed in the fund fact sheet. Because these fees are paid on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. If offered through a retirement program, additional fees and expenses may be charged under that program. NOT A DEPOSIT. NOT FDIC INSURED. NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY. NOT GUARANTEED BY THE INSTITUTION. MAY GO DOWN IN VALUE.

Notes

Restated to reflect estimate for the current fiscal year. Portions of the Management fees and Other expenses are based on expenses originally incurred by Class W shares of the Underlying Funds of the Trust, which have been incurred directly by the Fund pursuant to certain contractual arrangements intended to reallocate directly to the Fund certain fees and expenses that had been paid by the Underlying Funds of the Trust. For additional information, please see the "Management of the Funds" section of the Prospectus. "Acquired fund fees and expenses" are the Fund's proportionate amount of the expenses of any investment companies or pools in which it invests (excluding expenses originally incurred by Class W shares of the Underlying Funds of the Trust that have been incurred directly by the Fund, which are instead reflected in Management fees and Other expenses). These expenses are not paid directly by Fund shareholders. Instead, Fund shareholders bear these expenses indirectly because they reduce Fund performance. Because "Acquired fund fees and expenses" are included in the chart, the Fund's operating expenses here will not correlate with the expenses included in the Financial highlights in the Prospectus and the Fund's Form N-CSR. Under the Fund's expense reimbursement arrangements, the Fund's investment adviser, Teachers Advisors, LLC ("Advisors"), has contractually agreed to reimburse the Fund for any Total annual Fund operating expenses (excluding interest, taxes, brokerage commissions or other transactional expenses, Acquired fund fees and expenses, extraordinary expenses and any expenses originally attributable to Class W shares of the Underlying Funds of the Trust that were incurred directly by the Fund) that exceed 0.018% of average daily net assets for Class R6 shares of the Fund. These expense reimbursement arrangements will continue through at least September 30, 2026, unless changed with approval of the Board of Trustees. Advisors has contractually agreed to waive 0.082% of the Fund's Management fee. This waiver will remain in effect through at least September 30, 2026, unless changed with the approval of the Board of Trustees.
