Morningstar Investment Profiles must be accompanied by Morningstar Disclosure and Glossary.

Funds or their affiliates may pay compensation to Voya® affiliates offering a fund. Such compensation may be paid out of distribution, service and/or 12b-1 fees that are deducted from the fund's assets, and/or may be paid directly by the fund's affiliates. Any fees deducted from fund assets are discussed in the fund's prospectus and disclosed in the fund fact sheet. Because these fees are paid on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. Notes

The return of principal for the underlying funds in this target date fund is not guaranteed. Fund shares are subject to the same interest rate, inflation and credit risks associated with the underlying bond holdings. Although the target date funds are actively managed for investors on a projected retirement date timeframe, the fund's allocation strategy does not guarantee that investors' retirement goals will be met. The target date is the year in which an investor may begin taking withdrawals. Investment professionals continue to manage each fund for 20 to 30 years after it reaches its target date. None
