

Voya GNMA Income Fund - Class R6

Category

Intermediate Government

Investment Objective & Strategy**From the investment's prospectus**

The investment seeks a high level of current income consistent with liquidity and safety of principal through investment primarily in Government National Mortgage Association ("GNMA") mortgage-backed securities (also known as GNMA Certificates) that are guaranteed as to the timely payment of principal and interest by the U.S. government.

Under normal market conditions, the fund invests at least 80% of its net assets (plus the amount of any borrowings for investment purposes) in GNMA Certificates. The fund may purchase or sell GNMA certificates on a delayed delivery or forward commitment basis through the "to be announced" ("TBA") market.

Funds or their affiliates may pay compensation to Voya® affiliates offering a fund. Such compensation may be paid out of distribution, service and/or 12b-1 fees that are deducted from the fund's assets, and/or may be paid directly by the fund's affiliates. Any fees deducted from fund assets are discussed in the fund's prospectus and disclosed in the fund fact sheet. Because these fees are paid on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. If offered through a retirement program, additional fees and expenses may be charged under that program. NOT A DEPOSIT. NOT FDIC INSURED. NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY. NOT GUARANTEED BY THE INSTITUTION. MAY GO DOWN IN VALUE.
