Target-Date 2065 +

Investment Objective & Strategy

Vanguard Target Retirement 2070 Trust Select uses an asset allocation strategy designed for investors planning to retire between 2068 and 2072. The trust seeks to provide growth of capital and current income consistent with its current target allocation by investing in a gradually more conservative mix of the following Vanguard funds and trusts: Total Stock Market Index Fund, Total Bond Market II Index Fund, Institutional Total International Stock Market Index Trust II, Total International Bond II Index Fund, and Short-Term Inflation-Protected Securities Fund. The combination of funds and trusts produces a portfolio that is diversified by asset class and holdings.

Funds or their affiliates may pay compensation to Voya® affiliates offering a fund. Such compensation may be paid out of distribution, service and/or 12b-1 fees that are deducted from the fund's assets, and/or may be paid directly by the fund's affiliates. Any fees deducted from fund assets are discussed in the fund's prospectus and disclosed in the fund fact sheet. Because these fees are paid on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. If offered through a retirement program, additional
