

Fidelity® Low-Priced Stock Fund - Class K6

Category
Mid-Cap Value

Investment Objective & Strategy

From the investment's prospectus

The investment seeks capital appreciation.

The fund normally invests primarily in common stocks. It normally invests at least 80% of its assets in low-priced stocks (those priced at or below \$35 per share or with an earnings yield at or above the median for the Russell 2000® Index), which can lead to investments in small and medium-sized companies. The fund potentially invests in stocks not considered low-priced. It invests in domestic and foreign issuers.

Important Information

Please refer to the Morningstar Disclosure and Glossary document contained in your plan's eligibility package for additional information. You may always access the most current version of the Disclosure and Glossary at <https://www.voyaretirementplans.com/fundonepagerscolor/DisclosureGlossary.pdf>

Funds or their affiliates may pay compensation to Voya® affiliates offering a fund. Such compensation may be paid out of distribution, service and/or 12b-1 fees that are deducted from the fund's assets, and/or may be paid directly by the fund's affiliates. Any fees deducted from fund assets are discussed in the fund's prospectus and disclosed in the fund fact sheet. Because these fees are paid on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. If offered through a retirement program, additional fees and expenses may be charged under that program. NOT A DEPOSIT. NOT FDIC INSURED. NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY. NOT GUARANTEED BY THE INSTITUTION. MAY GO DOWN IN VALUE.
